If My Friends Complain I Recommend PERUNA

Mrs. Albert Huet, 244 Hackmatack St., South Manchester, Conn., writes: "I had catarrh of the stomach, bowels, and liver. I had all the doctors of South Manchester and also a specialist from Hartford, Conn., but was to say in the end I was taken to my bed entirely. Today I am almost ashamed to go around to my friends."

I gained so much in weight, from 96 pounds to 120, which is enormous from the condition I was in. It is a year since then, but words of praise for Peruna were on my lips daily to friends, who have taken my advice and are also benefited. I wish you could understand my feeling toward your life saver, Peruna. If I need a little cleansing, I prescribe Peruna, like a good old doctor a safe medicine. Do not forget to publish my name in full for others' benefit. I have taken Peruna and also Manalin, and today I can say, thank God for a good stomach and appetite. Thanks to Peruna once more. I work in a mill and at home, and work also at night, and still I get stronger all the time."

Those who object to liquid medicines can secure Peruna tablets.

SAFE, GENTLE REMEDY CLEANSSES YOUR KIDNEYS

For centuries GOLD MEDAL Haarlem Oil has been a standard household remedy for kidney, liver, bladder and stomach trouble, and all diseases connected with the urinary organs. The kidneys and bladder are the most important organs of the body. They are the filters, the purifiers of your blood. If the filters are clogged, the blood is poisoned, which enters your system through the blood into the kidneys and bladder, you are doomed. Weakness, sleeplessness, nervousness, dizziness, backache, stomach trouble, headache, pain in loins and lower abdomen, gonorrhea, gravel, difficulty when urinating, cloudy and bloody urine, rheumatism, sciatica and lumbago, all warn you to look after your kidneys and bladder. GOLD MEDAL Haarlem Oil Capsules are what you need. They are not a "patent medicine," nor a "new discovery." For 200 years they

have been a standard household remedy. They are the pure, original imported Haarlem Oil your great-grandmothers used, and are perfectly harmless. The healing, soothing oil soaks into the cells and lining of the kidneys and through the bladder driving out the poisonous germs. New life, fresh strength and health will come as you continue the treatment. When completely restored to your usual vigor, continue taking a capsule or two each day; they will keep you in condition and prevent a return of the disease.

Do not delay a minute. Delays are especially dangerous in kidney and bladder trouble. All druggists sell GOLD MEDAL Haarlem Oil Capsules. They will refund the money if not as represented. In three sizes, sealed packages. Ask for the original imported GOLD MEDAL. Accept no substitutes.

WESTERLY MILL WORKER STABBED

Frank Falco Slashed Frank Salvatore With Knife, Following Argument at Bradford Dyeing Plant—Wounded Man Was Boarder In Falco Home—Mother, After Custody of Children, Loses Suit Against Mother-In-Law—Liberty Loan Parade Saturday.

A serious stabbing affray took place Wednesday morning in the mill of the Bradford Dyeing association. As a result Frank Salvatore is expected to survive and Frank Falco is held in the Westerly police station, as the man who did the cutting with a knife and a pending investigation preliminary to a hearing in the Third District court. Immediately after the cutting Falco ran out of the mill and went at top speed down the railroad track, with Special Officer Alexander Thompson in pursuit. After a long run the officer captured Falco and brought him back to the village. The matter was reported to police headquarters in Westerly and Chief Brown and Officer Curran went to Bradford, returning with Falco. They were assisted by Special Officer Thompson. The officers also brought to the station the blood-soaked clothing worn by Salvatore when attacked by Falco. From cuts in the shirt and jumper it is plain that Falco received a long cut in the abdomen, three cuts in the right side, and a stab in the back. He was horribly slashed and Dr. Marr, who was called immediately after the cutting, gave opinion that Salvatore could not possibly survive.

From the story told by Falco, both men were employed in the mill, and soon after work began Wednesday, Salvatore interfered with the machine that Falco was operating and insisted that Falco was wrong about his work. This was resented and Salvatore was told he was not the boss and to attend to his own business. Then came a war of words and Falco claims that Salvatore picked up a stick about three times as long and about the same diameter as a policeman's night stick, struck Falco in the head with it and applied also the vilest of epithets. Falco says he resented the blow and the insult and tackled Salvatore, that he was so excited he did not know just what he did.

Falco said he is married, has a family and home in Bradford; Salvatore was a boarder at the house, and had been in Bradford about eight months, and his real name, the one he is known by in New York, where he came from to Bradford is Dominico Adunaro.

Salvatore, after being slashed by Falco, was taken to his boarding house, the home of the latter, as his condition would not permit transfer to the hospital in Providence. Both cities being about equal distance from Bradford.

In the superior court for Washington county in session at Westerly, Wednesday, arguments were commenced in the case of Tibbie Bliven, wife of Percy C. Bliven, in an appeal from the Charles town probate court, to obtain the custody of three minor children now in the custody of their grandmother, by order of the probate court. Arguments were made by John J. Dunn for appellee and by A. L. Ledwith for appellant. The case went to the jury in the form of these queries:

1—Is Abbie Bliven a suitable person to be appointed guardian of the person and estates of Ruth V. Bliven, Gladys Bliven and Ruth Bliven?
2—Is Minnie C. Bliven a suitable person to be appointed guardian of the person and estates of Ruth V. Bliven, Gladys Bliven and Ruth Bliven?
3—Is there occasion calling for appointment of a guardian of such children?

After being in the jury room an hour and forty minutes, the jurors returned to the court room. Foreman Rogers said they were unable to agree on the first question and asked for instructions as to whether the word "suitable" meant capable. In the questions given to the jury Judge Doran gave the desired information and the jury retired. They returned within five minutes and the foreman reported that they had agreed upon a verdict. Their answer was, No as to the suitability of the mother to be guardian of her children. Yes to the suitability of the grandmother to be guardian. Yes to the query as to whether there was occasion for the appointment of a guardian. In due time the court, in its discretion, will appoint a guardian. The court adjourned to 10.30 Thursday morning.

The committee in charge of the Third Liberty loan campaign, at a meeting Wednesday noon, decided that the big parade would be Saturday afternoon at three o'clock instead of on Friday afternoon, as at first planned. Colonel Everett E. Whipple, marshal, says the procession will move promptly at the selected hour and that the organizations that are tardy must fall in at the rear. The Westerly band will head the procession, the Westerly Congregational Church, the Connecticut Home Guard, fraternal organizations, Boy Scouts, Red Cross, post office employees, the retail merchants.

Choose the Soles for Your Shoes

Formerly, when you bought shoes, you seldom thought of the soles. You had no choice—there was but one kind to be had on dress and street shoes.

But now that Neolin Soles are everywhere available, you have a choice and it is worth your while to choose soles—for wear, for comfort and for the other qualities that soles should have.

We believe that thoughtful choosing will lead you inevitably to Neolin Soles, when you have learned how good they are.

These soles cost no more than others but wear longer—thereby making a big reduction in your annual expense for shoes.

They make shoes comfortable—doing away with the old torture of breaking-in.

They are absolutely waterproof, protecting your health against dampness underfoot. And they give you a sure footing on slippery pavements.

Why not learn, by experience,

the economy and other virtues of Neolin Soles?

Get them on the shoes you buy this Spring, for yourself or for others in the family. And have them put on the shoes you have been wearing.

Most good shoe stores have shoes with Neolin Soles—for men, women and children. And most good repair shops are prepared to re-sole shoes with Neolin Soles.

When you ask for Neolin Soles look for the trade mark underneath. It identifies the genuine.

Mark that mark; stamp it on your memory: Neolin—

DEM. GUBERNATORIAL NOMINEE IN NEW YORK

Is to Be Selected by a Committee of 54—Score of Men Suggested.

Syracuse, N. Y., April 24.—In a conference of less than two hours' duration, 250 democrats, representing virtually all the counties of the state except those included in the city of New York, decided today to leave to a committee of 54 members the task of considering the qualification of more than a score of men who have been suggested as candidates for the party's nomination for governor. The enthusiasm of the delegates was aroused repeatedly by oratory in which fervent patriotism and attacks upon the political ambitions and official conduct

of the governor, Charles S. Whitman, and the republican administration of the state government were given about equal attention.

The committee of 54 will be made up of the committee of seven, which was responsible for today's gathering, and one representative of each of the 27 senatorial districts outside the greater city.

A resolution placed the conference on record as favoring equal suffrage for the women of the United States and urging the senators from New York to support the federal suffrage amendment and to do their utmost in promoting its immediate adoption.

At no time while the conference was in session was any candidate for party honor mentioned by name.

SWISS GOVERNMENT NOT TO PROTECT DR. KARL MUCK

Former Leader of Boston Symphony Orchestra Who is Interned.

Washington, April 24.—The Swiss government has decided not to press its claim of Swiss citizenship for Dr. Karl Muck, formerly leader of the Boston Symphony Orchestra, now interned at Fort Oglethorpe, Georgia, as a dangerous German. This eliminates all danger of complications with Switzerland over the case.

The Swiss minister issued this statement:

"The Swiss legation has decided not to extend its protection to Dr. Karl Muck as a Swiss citizen. When Dr. Muck was arrested the legation inquired at the department of state the grounds for this action. The inquiry was based upon the fact that Dr. Karl Muck became a naturalized Swiss citizen through the naturalization of his father in the year 1868. The evidence in the hands of the department of justice and submitted to the legation clearly shows, however, that during his long residence in Germany and later in the United States, Dr. Muck was not only recognized as a German subject by the German authorities, but he also regarded himself as such. Under the circumstances, therefore, the Swiss legation will confine itself to looking after Dr. Muck's interests in its capacity as representing German interests in the United States."

The final result of the Fifth Italian War Loan is 6,200,000,000 lire (\$243,000,000).

SIMON LACY FOUND GUILTY OF MANSLAUGHTER.

The Weaver Who Stabbed Edward Sanger in West Stafford.

Rockville, Conn., April 24.—Simon Lacy of West Stafford, charged with having stabbed to death Edward Sanger, a weaver, in the Riverside mills at West Stafford early in January, was found guilty of manslaughter by a jury in the criminal side of the superior court here today. He was sentenced to state's prison for from fifteen to twenty years.

Lacy was indicted for murder in the first degree and was brought to trial last week.
